PLEASE NOTE: These colours are for reference only and are an approximation of the true colours. The quality, type and settings of the output device used to display this page will also affect the visible colour. Some colours may be subject to an additional cost. Door-sets that are installed in extreme locations, ie, coastal areas etc, may require special paint applications. Our sales staff can advise accordingly. Failure to notify/specify these applications can result in the negation of the guarantee.

Marine Grade Paint Upgrade.

Optimised for harsh marine and industrial environments, our upgraded Marine Grade Paint now comes with a 3 year no quibble extended paint warranty*.

*Extended warranty requires registration within 90 days of purchase. Excludes installations within 50m of the sea. Not suitable for swimming pool environments.

Wood Grain Finish.

Enjoy the timeless look of timber with all the strength, durability and low-maintenance benefits of steel.

Strongdor's Wood Grain finish elevates interior spaces, delivering a premium wood-effect finish that's built to withstand the demands of busy commercial environments.

Available in 4 realistic wood grain colours, they are ideal for education, healthcare, commercial and residential applications where style and performance must go hand in hand.

KEY FEATURES.

- Realistic wood-effect finish with the durability of steel.
- Durable Interior Architectural Films.
- Certified to EN 15102:2007 + A1:2011.
- Available in 4 wood grain texture finishes.
- No maximum door size limitations.
- Matching finish applied to both sides of the door leaf.
- *Frame finish not included*
- Not available fire rated

FINISH OPTIONS.

Woodgrain Finishes

The following wood-effect vinyl finishes are available:

White Oak

Natural Oak

Prime Oak

Chocolate Oak

Two-Tone Finish.

Create a door that's designed for both sides of the wall. Strongdor's Two-Tone finish allows you to combine two different appearances within a single door leaf, helping each side complement its surrounding environment.

Whether you're transitioning between offices, corridors, healthcare settings or communal spaces, you can achieve a clean, coordinated finish without compromising on the strength and reliability of steel.

KEY FEATURES.

- White finish on one side with any RAL colour applied to the reverse side.
- Durable Interior Architectural Films.
- Certified to EN 15102:2007 + A1:2011.
- No maximum door size limitations.
- Not available fire rated.

AVAILABLE CONFIGURATION.

- White (RAL 9010) on one side with a choice of RAL colour on the opposite side.
