

3* High Security Cylinder

HARDWARE OPTIONS

TECHNICAL SPECIFICATIONS

Strongdor 3* High Security Cylinder

Strongdor's 3* High Security Cylinder is a lock that takes safety to a whole new level.

The built in cam system which sits at the heart of the cylinder offers enhanced defence and security protection to ease peace of mind.

Features

- Anti-pick pins
- Secured by Design approved
- BSi 3* Kitemarked
- Anti-bump timing pin system
- Hardened steel anti-drill pins
- Does not use trap pins
- Fire rated
- Cylinder can open from the inside if attacked from the outside

ANTI-BUMP

The cylinder has a unique and patented anti-bump system which does not use trap pins. This system makes the turning of the cylinder key extra smooth.

ANTI-DRILL

Hardened steel anti-drill pins are in each side of the cylinder. Plus all moving pins are nickel plated hardened steel 50 HRC minimum.

ANTI-PICK

Anti-pick pins in each side of the cylinder make it extremely difficult for a common burglar to pick the cylinder.
