Dorma TS 73 Door Closer

The Dormakaba TS 73 door closer is a widely used hydraulic door closer for interior doors. The TS 73 V model offers a wide range of features and is easy to install. Its spring strength can be adjusted with an Allen key for optimal performance in any setting.

Features

- Meets most standard interior door requirements (parallel arm bracket included).
- Compatible with non-standard doors and frames using various fixing brackets and accessories.
- Closing speed, latching speed, and spring strength adjustable with common hand tools.
- Compact design with a classic look.
- Reliable, long-lasting performance.
- High mechanical efficiency, minimal sensitivity to temperature changes, wide opening angle, and a pressure relief valve for hydraulic protection.
- "Thinking" backcheck for enhanced wall and door protection.
