TECHNICAL SPECIFICATIONS

Monarch Standard 201 Hinge

This hinge comes standard on all Strongdor door sets, featuring a dog bolt for enhanced security. Fire-rated and UKCA marked, these hinges are an excellent choice for any door set.

Features

- Supplied with dog bolt as standard.
- Fire-rated.
- Dimensions 102mm x 75mm x 3mm.
- Tested and Certified to EN1935 Grade 13.

Anti-Lig Hinge

This anti-ligature hinge is ideal for security-sensitive areas like schools. Its chamfered top design prevents items from being hooked around the hinge, enhancing safety and security.

Features

- Non fire-rated.
- Not available with a dog bolt.
- Shamford style top.
- Dimensions : 102 x 76 x 3mm
- Self lubricating
- Tested to Grade 7 door mass - 160kg
- BS EN 1935 Grade 14 tested

Monarch 316 Hinge

This hinge is ideal for coastal areas due to its high nickel content, which resists saline and chlorine corrosion. Additionally, these fire-rated hinges make a perfect upgrade for enhanced durability and safety.

Features

- Supplied with dog bolt as standard.
- Dimensions 102mm x 75mm x 3mm.
- Tested and Certified to EN1935 Grade 13.
- Ideal for coastal areas.
