ENTERPRISE COURT BLACKPOOL

STEEL SECURITY DOOR

Part of a £5 million plan to bring more business to the south side of the North West resort, Enterprise Court is the latest development in the Blackpool Enterprise Zone, situated on Amy Johnson Way.

Funded entirely by private sector investment and consisting of small offices and workshops, the development will initially comprise of 12 units. The plan is to increase capacity to 50 units with potential for further expansion in the future.

The entire scheme could create

as many as 3,000 jobs in an area that was negatively effected by the recent closure of the local airport.

The distinctive Steeldor personnel doors, that were selected for the units, feature a glazed over-panel. It is used in combination with the full height windows to add supplementary light to the offices.

With enquiries already coming in for the new units, it seems that the sun is shining on a venture which has already transformed this part of the seaside town.
