

Enterprise Court Blackpool.

Part of a £5 million plan to bring more business to the south side of the North West resort, Enterprise Court is the latest development in the Blackpool Enterprise Zone, situated on Amy Johnson Way.

Funded entirely by private sector investment and consisting of small offices and workshops, the development will initially comprise of 12 units.

The plan is to increase capacity to 50 units with potential for further expansion in the future. The entire scheme could create as many as 3,000 jobs in an area that was negatively effected by the recent closure of the local airport.

The distinctive Steeldor personnel doors, that were selected for the units, feature a glazed over-panel, seaside town.

STRONGDOR

Steeldor

FEATURED IN THIS FACILITY

Steeldor personnel doors installed across office and workshop units.

Glazed over-panels add natural light to interior spaces.

Durable steel construction ensuring long-term safety and security.

Functional design supporting flexible expansion and business needs.

CASE STUDIES

STEEL DOORS

It is used in combination with the full height windows to add supplementary light to the offices.

With enquiries already coming in for the new units, it seems that the sun is shining on a venture which has already transformed this part of the seaside town.
