KIRKBY STEPHEN BUSINESS PARK

STEEL SECURITY DOOR

Kirkby Stephen Business Park is the brainchild of two local farmers, who pooled their energy, investment and resources to build new, bright, modern units for local businesses.

The Park, which enjoys wonderful views of the Pennine Hills and surrounding countryside, is close to the centre of the Cumbrian market town. Nestled between the Lake District, the Yorkshire Dales, those who work and play in Kirkby Stephen are no strangers to the outstanding natural beauty that surrounds them.

While the area around the site may be idyllic, the northern weather can sometimes be a little more challenging and the choice of doors had to balance

the security needs of the occupants, the demands of the local environment and yet still be sympathetic to the beautiful local stonework used in the construction of the units.

With the next phase of the popular development due to open, there has already been plenty of interest in the site, which already houses a diverse range of tenants from IT consultants to a unique furniture producer that sources its timber from the surrounding farms.
