CUSTOM MADE STEEL DOORS

The well known high street retailer Next, always insist on quality and resilience. They found that the Strongdor Steeldor Series had both of these qualities in abundance.

The doors can be supplied, fully finished, in a choice of over 100 BS and RAL stock colours. With a full range of BS and RAL colours available including metallics and pearlescents at extra cost.

In this case, the metallic silver finish ideally matched the new stores cladding.

This subtle yet secure doorset is proving to be the preferred choice of architects for prestige projects nationwide.
